

BABY LOVE

Harris (in Maui, Nov. 21) tells *Us*, "Leo giggles with Justin more than anybody else."

Jillian's New Reality

» The only drink **Jillian Harris** mixes these days is formula. "It's no secret I used to party," says ABC's season 5 *Bachelorette*. But since she welcomed her 6-month-old with fiancé Justin Pasutto, 28, explains Harris, "I want to be up early dancing around the kitchen with Leo and not feel like I'm dying!" The Kelowna, British Columbia-based interior designer, 37, tells *Us* more.

Q: Do you and Justin share similar parenting styles?

I want to be a carefree mom. Justin is very particular about things I never even thought of. He has

already registered Leo for a Spanish-immersion preschool.

Q: Does Leo have favorite foods?

He loves pureed moose-meat stew — and I'm secretly heartbroken because I'm vegetarian!

Q: Any mommy horror stories?

We were driving to our family cabin and Leo had a massive diaper blow-out. We pulled over to change him, and I was, like, gagging on the side of the road. He was kicking his foot into the s--t. Justin filmed it!

Q: Fit in any date nights?

No! I just want to be home with Leo. We usually watch *The Bachelor*!

1. The *JillianHarris.com* blogger (Dec. 16) says becoming a mom made her feel "like I was learning life all over again." **2.** Leo (Jan. 20) is "independent," Harris notes. "He held his own bottle at 4 months." **3.** On New Year's Eve, Harris and her "baby bear" braved the snow.
